## Autoimmune ICD-10 Codes Resource Sheet

### Chronic Inflammatory Demyelinating Polyneuropathy - CIDP (G61.81)

- History and Physical or letter to referring MD
- EMG - Nerve Conduction Study
- Nerve Biopsy (if done)
- CSF - Cerebral Spinal Fluid
- Tried and Failed Therapies

### Guillain Barré (G61.0)

- History and Physical or letter to referring MD
- Current Condition (ability/inability to ambulate)
- Onset of symptoms date
- Tried and Failed Therapies

### Multifocal Motor Neuropathy (G61.82)

- History and Physical or letter to referring MD
- EMG
- Anti-GM1 Antibody (if done)
- Tried and Failed Therapies

### Polymyositis (M33.20)

- History and Physical or letter to referring MD
- EMG
- Muscle Biopsy
- Blood Work
- Tried and Failed Therapies

### Dermatopolymyositis (M33.90) (previously known as Dermatomyositis)

- History and Physical or letter to referring MD
- Nerve/Skin Biopsy (if done)
- Nerve Biopsy (if done)
- History of failure, contraindication, or intolerance to immunosuppressive therapy (e.g., azathioprine, corticosteroids, cyclophosphamide, methotrexate)
- Tried and Failed Therapies

### Multiple Sclerosis - MS Relapsing/Remitting (G35)

- History and Physical or letter to referring MD
- MRI
- CSF
- Tried and Failed Therapies

### Myasthenia Gravis w/o acute exacerbation (G70.00) Myasthenia Gravis w/ acute exacerbation MG (G70.01)

- History and Physical or letter to referring MD
- Blood Work
- Current Condition (shortness of breath, swallowing difficulty, overwhelming fatigue, etc.)
- Tried and Failed Therapies

### Idiopathic Progressive Polyneuropathy (G60.3)

- History and Physical or letter to referring MD
- EMG - Nerve Conduction Study
- Nerve/Skin Biopsy (as needed)
- Tried and Failed Therapies

### Peripheral Neuropathy (G60.9)

- History and Physical or letter to referring MD
- EMG - Nerve Conduction Study
- Nerve/Skin Biopsy (as needed)
- Tried and Failed Therapies

### Stiff-Person Syndrome (G25.82)

- History and Physical or letter to referring MD
- EMG
- Antibody Testing - Anti-GAD, Anti-GM1, etc.
- Tried and Failed Therapies
